

THE CLEVELAND TRUE DEMOCRAT says that on Sunday morning, about 1 o'clock, James Snipple, an engineer on a gravel train on the Putzberg railroad, committed suicide at Earlville by taking laudanum. He had just obtained a bill of divorce from his wife, but finding that she persisted in harassing him, he determined to rid himself of his troubles in the fearful manner above related.

A NORTHWESTERN CONVENTION.—It is proposed by a Chicago paper, and seconded by the Detroit Free Press, to call a Northwestern Convention for purposes similar to those which brought together the recent Southern Convention. Chicago is the place named for the gathering.

MUSIC IN THE EVENING.—The Bostonians have voted, through the common council, to employ one of the public bands to discourse music on the common from the 18th of June to the 27th of August—sixteen musicians to perform two evenings in the week at \$3 each, and for 21 nights. The citizens raised \$500 towards the expenses.

MAINE LAW IN MICHIGAN.—Every ward in Detroit, with but two exceptions, voted for the Maine Law. Every town thus far heard from is in favor of it, generally by large majorities. The Advertiser thinks that the aggregate majority in the State will not be less than 20,000.

The stamped envelopes provided for by the recent law of Congress, and contracted for by the Post Office Department, are ready for delivery, and have been inspected and approved by the agent of the Postmaster General.

Iron Churches are now made in England, and sent to Australia.

A TRUE VERDICT.—A coroner's jury lately returned the following verdict on the body of a poor fellow:—"Came to his death by hanging—round a tavern."

SALEM CASES.—Quite a number of the Salem liquor cases have been tried at Newburyport, in the Court of Common Pleas. A large number have been found guilty.

Hope, deceitful as she is, serves at least to conduct us through life by an agreeable path.

DYSPEPSIA.

THESE Restorative Pills have been used in private practice, with unprecedented success, for years, they have never before been offered to the public. These Pills remove obstructions, open the natural passages of the fluids of the body—as the pores and lacteal vessels.
THEY ARE WHOLLY VEGETABLE, and perfectly harmless in their effects, instead of weakening and debilitating the patient, (as is usually the case with other Pills) they give tone to the stomach—strengthening and invigorating both stomach and bowels; and imparting new feeling and energy to every part of the system.
Being wholly vegetable, they are mild in their operation, without griping, or any pain whatever. They are slow in their movement, but thorough in their restorative and restorative character; and need only be tried to be approved of by all such as are afflicted with the horrible suffering arising from Dyspepsia, or any of the symptoms of a disordered stomach.
THE STOMACH IS THE CENTER OF SYMPATHY.
It is principally supplied with nerves by a large pair proceeding directly from the brain, called the Vagus.

These, in their course, send branches of the pharynx and larynx; the oesophagus; the vessels of the neck and heart; the lungs; the liver; the spleen; and the diaphragm.
It is unnecessary to go farther than a primary derangement of the stomach, to account for a multitude of distressing symptoms with which many are afflicted, such as:
Indigestion, Head-ache,
Biliousness, Extreme Nervous Agitation,
Acidity, Difficulty of Respiration,
Palpitation of the Heart, Stomach,
A sense of oppression at the pit of the stomach, A temporary loss of memory, irritability,
An incapacity for the slightest exertion, A sense of emptiness, Drowsiness,
Depression of Spirits, False loss frequent, and more feeble than usual, Debility,
Mistiness and indistinctness of Vision, Cold Hands and Feet, Extreme Languor and Exhaustion,
Unpleasant taste in the Mouth, particularly when rising in the morning, Despondency,
Numbness of the Limbs and other parts, Excitation and Extreme Debility,
Vertigo, Nausea, Dull Heavy Pain and sense of Costiveness.

Persons purchasing these Pills will be careful to observe that the name of O. HALSTED, (in gilt letters, on black paper) is affixed as a wrapper to each box; and that none are genuine unless labeled in this manner. For sale by Druggists everywhere. Principal Depot at BURNETT'S, April, 15. 14 E. Fourth street, Cincinnati.

SAVE YOUR ICE!

TEMPERANCE ADVOCATES ATTENTION!!!
"The only natural wholesome drink for man," can be obtained from
BURNETT'S PATENT WATER COOLER.

WE are now prepared to offer our friends and customers a superior article of Water Coolers of entire new styles, at greatly reduced prices. This article is the result of the application of scientific principles to the purpose intended, viz: to keep water as cool as possible, as long as possible, and with the least possible quantity of ice.
The proprietor has long devoted his attention to this particular branch of domestic economy, and passing from one improvement to another, has at length arrived at near perfection as it is possible to reach. A proof of this is found in the very general use of these Coolers in all parts of the country. A simple statement of facts in regard to these Coolers, will satisfy every one of their superiority. First, they are the only article of the kind ever patented.—They are finished with two distinct non-conducting chambers, by means of which, with two pounds of ice to the gallon, water is kept at a temperature of 40 degrees above zero, or only 8 degrees from the freezing point) all day. Thus at a cost of some five cents per day, a family of ordinary size can be constantly supplied with water as cold as ice itself; larger numbers in the same proportion. This has been found by actual experiment to be a saving of at least seventy-five per cent. over the Earthen Jars, formerly used for this purpose.
Again, these Coolers NEVER SWEAT; in this way saving much unnecessary waste and trouble.
Being manufactured in the most workmanlike style, and handsomely finished in every respect, they make a very beautiful ornament for the Dining Room, Hotel or Steamboat.
An important improvement has lately been added to the Cooler, viz: A small Pan (capable of holding from six to eight pounds of Butter) inserted directly under the cover. This quantity of butter can be kept perfectly hard all day, without additional ice, (a very important addition to the economy and comfort of families).
If desired, the Cooler can also be furnished at a small expense with a
FILTERING APPARATUS, which serves the additional purpose of removing all impurities from the water, rendering it perfectly clear and wholesome.
The Cooler and Filter may be seen in operation at any time, at BURNETT'S, No. 11 East Fourth street, Cincinnati.
